

Figure 5.4: An abbreviated Periodic Table of History (Levels I, V, VI & VII only) – as seen by the 2/3rds Rule

The defining themes associated with each Period

1st Period A Light appears, then from it a 2 nd and at the end of the Period, a 3 rd (begotten from both) and becoming the focus of the Level.	2nd Period Drawn by the 3 rd Light into deadly waters, the subjects of this Level group together, receiving at the end a miraculous bond.	3rd Period Staying the course, their bonding helps this Level's subjects grow to become new creations in waters once thought lethal.	4th Period The new creations, develop a new form of love and new senses allowing them to finally "see" the Light that drives the Level.	5th Period Responding to this Level's newfound love and sensibilities, the world, itself, is beautified, and readied for the next great Light.	6th Period A new Light appears, signaling a focus change and the start of the next Level where all the themes are repeated.
Level I (Creation Week) - Defined through Scripture and science by 6 Creation Days (spanning from 15.8 Ga to 3PM, 4/3/33 AD)					
Day 1 (15.8 - 5.3 Ga) The universe begins in a flood of Light (energy). And a later 2 nd Light (a supernova) gives up its matter, with the 2 Lights merging at the end to produce our planet and life (the 3 rd Light) just as our sun begins to shine.	Day 2 (5.3 - 1.8 Ga) Living cells lured by the sun's energy to the ocean's deadly surface find shelter in colonies, where 2 miraculously bond to become the 1 st nucleated cell. The O ₂ produced is also giving them a U/V shield, the Ozone layer.	Day 3 (1.8 - 0.59 Ga) The new cells learn to breathe and procreate resulting in highly versatile progeny (animals & plants) that can thrive in an O ₂ poisoned world. They arise as the global ice age ends revealing a new habitat for life to flourish in.	Day 4 (5.9 - 2.0 Ga) The animal kingdom rises from the sea to dominate the newly dried land. As it evolves 5 new senses appear and with them maternal love, in the arrival of the 1 st mammals, the first to really "see" the Light that drives the Level.	Day 5 (195 - 65 Ma) The senses & love give life a new appreciation for itself. Birds, butterflies, flowers, fruit, milk and honey all arise in response to beautify the world, preparing it for a new Light (the primates) to shine,	Creation Day 6 (65 Ma – 4/3/33 AD) This last Creation Day is heralded by another great light (a celestial impact event) that paved the way for Level II. It is subdivided into 6 Creation Hours focusing on the formation of sentient Man.
Level II - Defined by 6 Creation Hours (from 65 Ma to 3 PM, 4/3/33 AD). Focus: The Creation of Sentient Man.					
Level III - Defined by 6 Creation Minutes (from 91 ka to 3 PM, 4/3/33 AD). Focus: The Creation of Civilized Man.					
Level IV - Defined by 6 Creation Seconds (from 1068 BC to 3 PM, 4/3/33 AD). Focus: The Creation of the Kingdom of God.					
Level V - Defined by 6 Creation <i>milli</i> -Seconds (from 9/22/28 to 3 PM, 4/3/33 AD). Focus: The Creation of the Church.					
milli-Second 1 (9/22/28-9/30/31 AD) John, the Baptist & Jesus, the 1 st & 2 nd Lights, begin their ministries on 1 Sukkot & Yom Kippur, resp. And with the Apostles chosen on Simchat Torah, the foundation is set for the 3 rd Light, the Church.	milli-Second 2 (9/30/31-10/1/32 AD) Lured into treacherous waters, the Apostles have left the security of their homes to walk by faith, becoming, at the Period's end, miraculously bound to each other, with Peter installed as the Church's nucleus.	milli-Second 3 (10/1/32-2/1/33 AD) Losing their egos in their faith walks the Apostles slowly discover who they really are and that God alone sustains them. Having thus tamed the waters they're sent out on their 1 st mission as imitations of their Master.	milli-Second 4 (2/1-3/14/33 AD) In their 1 st missions the Apostles gain a sense of purpose and "see" for the first time Christ's vision for the Church (the Light driving the Level). Their paternal love for the laity maturing while Jesus is on a 40-day fast.	milli-Second 5 (3/14-3/27/33 AD) Despite Jesus's best efforts, the Sanhedrin is unmoved. But many others are. And He responds to their love with great acts of mercy, beautifying their world by giving it hope and preparing it for the next great Light.	milli-Second 6 (3/27/33–4/3/33 AD) This last Creation <i>milli</i> - Second is subdivided into 6 Creation <i>micro</i> -Seconds (Level VI) focusing on the final crucial embellishments in the formation of the life-giving Sacramental Church.
Level VI (Holy Week) - Defined by 6 Creation <i>micro</i> -Seconds (from 7:40 PM 3/27/33 to 3 PM 4/3/33 AD). Focus: Salvation					
micro-Second 1 (7:40 PM, 3/27 - 8:33 AM, 4/1/33 AD) Jesus is anointed the Lamb of God (the 1 st Light) on Friday and greets Jerusalem on Sunday as the Lion of Judah (the 2 nd Light). By Wednesday they reject Him not realizing the 3 rd Light merges both ideals.	micro-Second 2 (8:33 AM, 4/1 - 8:51 PM, 4/2/33 AD) With Jesus's 2 nd anointing, Judas deserts Him. But the other Apostles stand firm, braving these final waters to conquer the fear of death, itself. Their reward is to bond with God at the Last Supper.	micro-Second 3 (8:51 PM, 4/2 - 8:57 AM, 4/3/33 AD) In the Eucharist Jesus also bonds to our sins, making Him vulnerable. He is betrayed, arrested, tried and condemned while the holy women & John, alone, find the mettle in their bond to stand by Jesus to the end.	micro-Second 4 (8:57 AM - 12:59 PM 4/3/33 AD) In witnessing Christ's love for us, Mary's heart is pierced, and conjoined to it, while John gains a prophet's vision. He "sees" that the Church isn't being destroyed by Christ's death. It's being born!	micro-Second 5 (12:59 - 2:20 PM, 4/3/33 AD) Those with eyes also see the truth. Many converts are made. And at the end of this penultimate and beautiful <i>micro</i> -Second of Creation, Jesus endows His Church with its most precious gift, His mother.	micro-Second 6 (2:20 – 3:00 PM, 4/3/33 AD) On this, the 7 th Level, Jesus offers up His spirit and dies on the Cross, giving birth to one final great Light, His Bride, the Sacramental Church (as all the sixes on the dial turn to seven and Creation is perfected).

And on the 6th nano-Second of the 6th micro-Second of the 6th milli-Second of the 6th Second of the 6th Minute of the 6th Hour of the 6th Day of Creation, the Word looked down at all that He had done and in seeing that it was very good, He closed His eyes and rested. Then evening passed and morning followed: the 7th Day.
